INDEPENDENT AUDITORS' REPORT

To the Officials of Emmet County:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Emmet County, Iowa, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Emmet County as of June 30, 2014, and the respective changes in financial position and, where applicable, its cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require the Budgetary Comparison Information and the Schedule of Funding Progress for the Retiree Health Plan on pages 30 through 34 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board which considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The County has not presented management's discussion and analysis, which introduces the basic financial statements by presenting certain financial information as well as management's analytical insights on that information, that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Emmet County's basic financial statements. We previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for the nine years ended June 30, 2013 (which are not presented herein) and expressed unmodified opinions on those financial statements. The supplementary information included in Schedules 1 through 5 is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 12, 2014 on our consideration of Emmet County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Emmet County's internal control over financial reporting and compliance.

EMMET COUNTY
RECONCILIATION OF THE BALANCE SHEET -
GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION
JUNE 30, 2014

Total governmental fund balances (page 7) \$ 4,940,183

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not current financial resources and, therefore, are not reported in the governmental funds. The cost of assets is \$22,298,662 and the accumulated depreciation is \$9,237,181. 13,061,481

The Internal Service Fund is used by management to charge the costs of the County's health insurance benefit plan to individual funds. The assets and liabilities of the Internal Service Fund are included in governmental activities in the Statement of Net Position. 45,375

Long-term liabilities, including capital lease purchase agreements, loans and contracts payable, compensated absences payable, and other post-employment benefits payable are not due and payable in the current period and, therefore, are not reported in the governmental funds. (757,043)

EMMET COUNTY
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES -
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED JUNE 30, 2014

Net change in fund balances - total governmental funds (page 9) \$ 575,739

*Amounts reported for governmental activities in the Statement of Activities
are different because:*

Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets. Depreciation expense and loss on disposition of capital assets exceeded capital outlay expenditures in the current year as follows:

Expenditures for capital assets	\$ 882,355	
Capital assets contributed by the Iowa Department of Transportation	961,666	
Loss on disposition of capital assets	(10,530)	
Depreciation expense	<u>(707,238)</u>	1,126,253

Proceeds from issuing long-term liabilities provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. For the current year, debt issued exceeded debt repayments as follows:

Issued	(278,250)	
Repaid	<u>83,271</u>	(194,979)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds, as follows:

Compensated absences	(3,696)	
Other post-employment benefits	<u>(8,840)</u>	(12,536)

The Internal Service Fund is used by management to charge the costs of employee health benefits to individual funds. The change in net position of the Internal Service Fund is reported with governmental activities.	<u>29,684</u>

EMMET COUNTY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Emmet County is a political subdivision of the State of Iowa and operates under the Home Rule provisions of the Constitution of Iowa. The County operates under the Board of Supervisors form of government. Elections are on a partisan basis. Other elected officials operate independently with the Board of Supervisors. These officials are the Auditor, Treasurer, Recorder, Sheriff, and Attorney. The County provides numerous services to citizens, including law enforcement, health and social services, parks and cultural activities, planning and zoning, roadway construction and maintenance and general administrative services.

The County's financial statements are prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board.

Reporting Entity

For financial reporting purposes, Emmet County has included all funds, organizations, agencies, boards, commissions and authorities. The County has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the County to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens, on the County.

These financial statements present Emmet County (the primary government) and its component units. The component units discussed below are included in the County's reporting entity because of the significance of their operational or financial relationships with the County.

Blended Component Units - The following component units are entities which are legally separate from the County but are so intertwined with the County they are, in substance, the same as the County. They are reported as part of the County and blended into the appropriate funds.

One hundred sixty-five drainage districts have been established pursuant to Chapter 468 of the Code of Iowa for the drainage of surface waters from agricultural and other lands or the protection of such lands from overflow. Although these districts are legally separate from the County, they are controlled, managed and supervised by the Emmet County Board of Supervisors. The drainage districts are reported as a Special Revenue Fund. Financial information of the individual drainage districts can be obtained from the Emmet County Auditor's office.

EMMET COUNTY
NOTES TO FINANCIAL STATEMENTS - Continued

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Jointly Governed Organizations - The County also participates in several jointly governed organizations that provide goods or services to the citizenry of the County but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The County Board of Supervisors are members of or appoint representatives to the following boards and commissions: Emmet County Assessor's Conference Board, Emmet County Emergency Management Commission, Emmet County Joint E911 Service Board, and Emmet County Empowerment Board. Financial transactions of these organizations are included in the County's financial statements only to the extent of the County's fiduciary relationship with the organization and, as such, are reported in the Agency Funds of the County.

Basis of Presentation

Government-wide Financial Statements - The Statement of Net Position and the Statement of Activities report information on all of the nonfiduciary activities of the County and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are supported by property tax, intergovernmental revenues and other nonexchange transactions.

The Statement of Net Position presents the County's nonfiduciary assets, deferred outflows of resources, and liabilities, with the difference reported as net position. Net position is reported in the following categories:

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt attributable to the acquisition, construction, or improvement of those assets.

Restricted net position results when constraints placed on net position use are either externally imposed or imposed by law through constitutional provisions or enabling legislation. Enabling legislation did not result in any restricted net position.

Unrestricted net position consists of net position that does not meet the definition of the preceding categories. Unrestricted net position is often subject to constraints imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants, contributions, and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental funds, a proprietary fund, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

EMMET COUNTY
NOTES TO FINANCIAL STATEMENTS - Continued

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Basis of Presentation - Continued

The County reports the following major governmental funds:

The General Fund is the general operating fund of the County. All general tax revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs not paid from other funds.

Special Revenue:

The Mental Health Fund is used to account for property tax and other revenues to be used to fund mental health, intellectual disabilities, and developmental disabilities services.

The Rural Services Fund is used to account for property tax and other revenues to provide services which are primarily intended to benefit those persons residing in the county outside of incorporated city areas. The County has further specified that \$20,000 of restricted fund balances will be used for emergencies.

The Secondary Roads Fund is used to account for the road use tax allocation from the State of Iowa, required transfers from the General and the Special Revenue, Rural Services Funds, and other revenues to be used for secondary road construction and maintenance.

Additionally, the County reports the following funds:

Proprietary Fund - An Internal Service Fund is utilized to account for the financing of goods or services purchased by one department of the County and provided to other departments or agencies on a cost-reimbursement basis.

Fiduciary Funds - Agency Funds are used to account for assets held by the County as an agent for individuals, private organizations, certain jointly governed organizations, other governmental units and/or other funds.

Measurement Focus and Basis of Accounting

The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current year or soon enough thereafter to pay liabilities of the current year. For this purpose, the County considers revenues to be available if they are collected within 60 days after year end.

EMMET COUNTY
NOTES TO FINANCIAL STATEMENTS - Continued

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Measurement Focus and Basis of Accounting - Continued

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the County.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recorded as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

When an expenditures is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the County's policy is to pay the expenditure from restricted fund balance and then from less-restrictive classifications - committed, assigned, and then unassigned fund balances.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's Internal Service Fund are reimbursements from operating funds and employees. Operating expenses for the internal service fund include the cost of services and administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The County maintains its financial records on the cash basis. The financial statements of the County are prepared by making memorandum adjusting entries to the cash basis financial records.

Assets, Liabilities and Fund Equity

The following accounting policies are followed in preparing the financial statements:

Cash and Pooled Investments - The cash balances of most County funds are pooled and invested. Interest earned on investments is recorded in the General Fund, unless otherwise provided by law. Investment in the Iowa Public Agency Investment Trust is valued at amortized cost. Non-negotiable certificates of deposits are stated at cost.

For purposes of the statement of cash flows, the County considers as cash all currency on hand and demand deposits and certificates of deposit with banks or other financial institutions.

EMMET COUNTY
NOTES TO FINANCIAL STATEMENTS - Continued

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Assets, Liabilities and Fund Equity - Continued

Property Tax Receivable - Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by the County Board of Supervisors. Delinquent property taxes receivable representing unpaid taxes for the current and prior years are not considered material to the financial statements. The succeeding year property tax receivable represents taxes certified by the Board of Supervisors to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the Board of Supervisors is required to certify its budget in March of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds becomes due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments, is based on January 1, 2012 assessed property valuations, is for the tax accrual period July 1, 2013 through June 30, 2014, and reflects the tax asking contained in the budget certified by the County Board of Supervisors in March 2013.

Due from Other Governments - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories - Inventories are valued at cost using the first-in, first-out method. Inventories in the Special Revenue Funds consist of expendable supplies held for consumption. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Capital Assets - Capital assets, which include property, equipment and vehicles, and infrastructure assets acquired after July 1, 2003 (e.g. roads, bridges, curbs, gutters, sidewalks, and similar items which are immovable and of value only to the County), are reported in the governmental activities column in the government-wide Statement of Net Position. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the County as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of two years.

EMMET COUNTY
NOTES TO FINANCIAL STATEMENTS - Continued

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Assets, Liabilities and Fund Equity - Continued

Infrastructure	\$ 65,000
Land, buildings, and improvements	25,000
Equipment and vehicles	5,000

Capital assets of the County are depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives (In Years)</u>
Buildings and improvements	25 - 50
Infrastructure	10 - 60
Equipment	3 - 20
Vehicles	5 - 15

Due to Other Governments - Due to other governments represents taxes and other revenues collected by the County and payments for services which will be remitted to other governments.

Trusts Payable - Trusts payable represents amounts due to others which are held by various County officials in fiduciary capacities until the underlying legal matters are resolved.

Compensated Absences - County employees accumulate a limited amount of earned but unused vacation hours for subsequent use or for payment upon termination, death, or retirement. A liability is recorded when incurred in the government-wide, proprietary fund, and fiduciary fund financial statements. A liability for these amounts is reported in governmental fund financial statements only for employees that have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2014. The compensated absences liability attributable to the governmental activities will be paid primarily by the General and the Special Revenue, Secondary Roads Funds.

County employees accumulate a limited amount of earned but unused sick leave. The employee does not receive any pay for unused sick leave upon termination of employment with the County. Since the amount of sick leave to be used is undeterminable, no liability has been accrued.

Long-term Liabilities - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. In the government fund financial statements, the face amount of debt issued is reported as other financing sources.

EMMET COUNTY
NOTES TO FINANCIAL STATEMENTS - Continued

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Assets, Liabilities and Fund Equity - Continued

Deferred Inflows of Resources - Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the governmental fund financial statements represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources consist of property tax receivable not collected within sixty days after year-end.

Deferred inflows of resources in the Statement of Net Position consist of succeeding year property tax receivables that will not be recognized until the year for which it is levied.

Fund Equity - In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable - Amounts which cannot be spent because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted - Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws, or are imposed by law through constitutional provisions or enabling legislation.

Committed - Amounts which can be used only for specific purposes pursuant to constraints formally imposed by the Board of Supervisors through ordinance or resolution approved prior to year end. Committed amounts cannot be used for any other purpose unless the Board of Supervisors removes or changes the specified use by taking the same action it employed to commit those amounts.

Assigned - Amounts the Board of Supervisors intend to use for specific purposes.

Unassigned - All amounts not included in the preceding classifications.

Net Position - The net position of the Internal Service, Health Insurance Fund is designated for anticipated future health insurance costs of the County.

Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

EMMET COUNTY
NOTES TO FINANCIAL STATEMENTS - Continued

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Management's Review

The County has evaluated subsequent events through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

2. CASH AND POOLED INVESTMENTS

The County's deposits in banks at June 30, 2014 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The County is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Supervisors; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The County had investments in the Iowa Public Agency Investment Trust (IPAIT) which are valued at an amortized cost of \$21,458 pursuant to Rule 2a-7 under the Investment Company Act of 1940. The investment in IPAIT is unrated.

Interest Rate Risk - The County's investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt) in instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days, but the maturities shall be consistent with the needs and use of the County.

Concentration of Credit Risk - The County places a five percent limit on the amount that may be invested in any one issuer of prime bankers acceptances, commercial paper, or other short-term corporate debt.

3. INTERFUND TRANSFERS

The detail of interfund transfers for the year ended June 30, 2014 is as follows:

<u>Transfer to</u>	<u>Transfer from</u>	<u>Amount</u>
Special Revenue:	Special Revenue:	
Secondary Roads	Rural Services	\$947,841
General	Conservation Land Acquisition Trust	762

Transfers generally move resources from the fund statutorily required to collect the resources to the fund statutorily required to expend the resources.

6. LONG-TERM LIABILITIES - Continued

Capital Lease Purchase Agreements

The county has entered into a capital lease purchase agreement to lease a Caterpillar Excavator with a historical cost of \$278,250. The following is a schedule of future minimum lease payments, including interest at 2.95% per annum, and the present value of net minimum lease payments under the agreement in effect at June 30, 2014.

<u>June 30,</u>	<u>Amount</u>
2015	\$ 59,776
2016	59,776
2017	59,776
2018	<u>54,795</u>
Total minimum lease payments	234,123
Less amount representing interest	<u>(13,272)</u>
Present value of minimum lease payments	<u>\$220,851</u>

Payments under capital lease purchase agreements for the year ended June 30, 2014 totaled \$64,758.

Loans and Contracts Payable

The County had a non-interest bearing contract for \$90,592 for the purchase of gravel and mineral rights which was retired in 2014 with a final payment of \$9,592.

The County has a non-interest bearing contract for \$325,599 for the purchase of gravel and mineral rights. Required annual payments are \$16,280 per year through August 2029. The outstanding contract balance at June 30, 2014 was \$260,479.

Maturities required as of June 30, 2014 are as follows:

2015	\$ 16,280
2016	16,280
2017	16,280
2018	16,280
2019	16,280
2020-2024	81,400
2025-2029	81,400
2030	<u>16,279</u>
Total	<u>\$260,479</u>

EMMET COUNTY
NOTES TO FINANCIAL STATEMENTS - Continued

7. PENSION AND RETIREMENT BENEFITS

The County contributes to the Iowa Public Employees' Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, PO Box 9117, Des Moines, Iowa 50306-9117.

Most regular plan members are required to contribute 5.95% of their annual covered salary and the County is required to contribute 8.93% of covered salary. Certain employees in special risk occupations and the County contribute an actuarially determined contribution rate. Contribution requirements are established by state statute. The County's contributions to IPERS for the years ended June 30, 2014, 2013, and 2012 were \$301,505, \$285,511, and \$259,824, respectively, equal to the required contributions for each year.

8. OTHER POST-EMPLOYMENT BENEFITS (OPEB)

Plan Description

The County operates a single-employer health benefit plan which provides medical/prescription drug benefits for all full-time active and retired employees and their eligible dependents. There are 67 active members and 10 retired members in the plan. Eligible retirees receive health care coverage through the same plan that is available to active employees. Eligible retirees must be age 55 or older at retirement. Benefits terminate upon attaining Medicare eligibility.

Contributions are required for both retiree and dependent coverage. The retiree contributions are based on and equal to the historical full cost of active members. Retiree expenses are then offset by retiree contributions.

The medical/prescription drug coverage is provided through a fully insured plan. Retirees pay the same premium for the medical/prescription drug benefit as active employees, which results in an implicit subsidy and an OPEB liability.

Funding Policy

The contribution requirements of plan members are established and may be amended by the County. The County currently finances the retiree benefit plan on a pay-as-you-go basis.

EMMET COUNTY
NOTES TO FINANCIAL STATEMENTS - Continued

8. OTHER POST-EMPLOYMENT BENEFITS (OPEB) - Continued

Annual OPEB Cost and Net OPEB Obligation

The County's annual OPEB cost is calculated based on the annual required contribution (ARC) of the County, an amount actuarially determined in accordance with GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

The following table shows the components of the County's annual OPEB cost for the year ended June 30, 2014, the amount actually contributed to the plan and changes in the County's net OPEB obligation:

Annual required contribution	\$ 27,885
Interest on net OPEB obligation	
Adjustment to annual required contribution	
Annual OPEB cost	27,885
Net contributions	<u>(19,045)</u>
Increase in net OPEB obligation	8,840
Net OPEB obligation beginning of year	<u>40,373</u>
 Net OPEB obligation - end of year	 <u>\$ 49,213</u>

For calculation of the net OPEB obligation, the actuary has set the transition day as July 1, 2009. The end of year net OPEB obligation was calculated by the actuary as the cumulative difference between the actuarially determined funding requirements and the actual contributions for the year ended June 30, 2014.

For the year ended June 30, 2014, plan members eligible for benefits contributed \$19,045 or 100% of the premium costs.

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation are summarized as follows:

<u>Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
June 30, 2010	\$26,410	60%	\$10,511
June 30, 2011	26,410	60%	21,022
June 30, 2012	26,410	60%	31,533
June 30, 2013	27,885	68%	40,373
June 30, 2014	27,885	68%	49,213

EMMET COUNTY
NOTES TO FINANCIAL STATEMENTS - Continued

8. OTHER POST-EMPLOYMENT BENEFITS (OPEB) - Continued

Funded Status and Funding Progress

As of July 1, 2012, the most recent actuarial valuation date for the period July 1, 2013 through June 30, 2014, the actuarial accrued liability was \$263,000 with no actuarial value of assets, resulting in an unfunded actuarial accrued liability (UAAL) of \$263,000. The covered payroll (annual payroll of active employees covered by the plan) was approximately \$3,196,000 and the ratio of the UAAL to covered payroll was 8.55%. As of June 30, 2014, there were no trust fund assets.

Actuarial Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the health care cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress for the Retiree Health Plan, presented as Required Supplementary Information in the section following the Notes to Financial Statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the plan as understood by the employer and the plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

As of the July 1, 2012 actuarial valuation date, the unit credit actuarial cost method was used. The actuarial assumptions include a 4% discount rate based on the County's funding policy. The projected annual medical trend rate ranges from 5 - 10%. The ultimate medical trend rate is 5%. The medical trend rate is reduced 0.5% each year until reaching the 5% ultimate trend rate.

Mortality rates are from the RP2000 Combined Mortality Table. Annual retirement and termination probabilities were developed by the County with the concurrence of the actuary. The salary increase rate was assumed to be 3% per year. The UAAL is being amortized as a level percentage of projected payroll expense on an open basis over 30 years.

9. OPERATING LEASES

The County has entered into a noncancelable agreement to lease office space. The lease requires monthly lease payments of \$1,742 and expires in September 2016. The County has also entered into operating lease agreements for office equipment. The leases require monthly lease payments ranging from \$92 to \$466 and expire from January 2016 to December 2017.

EMMET COUNTY
NOTES TO FINANCIAL STATEMENTS - Continued

9. OPERATING LEASES - Continued

The following is a schedule of the future minimum lease payments under these agreements at June 30, 2014:

<u>June 30,</u>	<u>Amount</u>
2015	\$ 33,420
2016	29,946
2017	<u>10,983</u>
 TOTAL	 <u>\$ 74,349</u>

Total rent expense for the year ended June 30, 2014 was \$27,006.

10. RISK MANAGEMENT

Emmet County is exposed to various risks of loss related to torts; theft, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The County assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

11. COMMITMENTS

The County has entered into contracts totaling approximately \$1,256,000 for traffic markings, spraying, crack filling, resurfacing, and sealing. As of June 30, 2014, approximately \$1,000 of costs have been incurred. The balance remaining on the contract of approximately \$1,255,000 will be paid as work on the project progresses.

The County has entered into a five-year contract for ambulance service at a cost ranging from \$26,000 to \$28,000 per year. The contract ends with the June 30, 2019 fiscal year.

12. PROSPECTIVE ACCOUNTING CHANGE

The Governmental Accounting Standards Board has issued Statement No. 68, *Accounting and Financial Reporting for Pensions - an Amendment of GASB No. 27*. This statement will be implemented for the fiscal year ending June 30, 2015. The revised requirements establish new financial reporting requirements for state and local governments which provide their employees with pension benefits, including additional note disclosures and required supplementary information. In addition, the Statement of Net Position is expected to include a significant liability for the government's proportionate share of the employee pension plan.

EMMET COUNTY
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - BUDGETARY REPORTING
JUNE 30, 2014

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the County Board of Supervisors annually adopts a budget on the cash basis following required public notice and hearing for all funds, except blended component units and agency funds, and appropriates the amount deemed necessary for each of the different County offices and departments. The budget may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized on the cash basis budget and appropriations lapse at year end.

Formal and legal budgetary control is based upon 10 major classes of expenditures known as functions, not by fund. These 10 functions are: public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, non-program, debt service and capital projects. Function disbursements required to be budgeted include disbursements for the General Fund, Special Revenue Funds, Debt Service Fund, and Capital Projects Funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. Legal budgetary control is also based upon the appropriation to each office or department. During the year, a budget amendment increased budgeted disbursements by \$197,639. The budget amendment is reflected in the final budgeted amounts.

In addition, annual budgets are similarly adopted in accordance with the Code of Iowa by the appropriate governing body as indicated: for the County Extension Office by the County Agricultural Extension Council, for the County Assessor by the County Conference Board, for the E911 System by the Joint E911 Service Board and for Emergency Management Services by the County Emergency Management Commission.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS

To the Officials of Emmet County:

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Emmet County, Iowa, as of and for the year ended June 30, 2014, and the related notes to financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated November 12, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Emmet County's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Emmet County's internal control. Accordingly, we do not express an opinion on the effectiveness of Emmet County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying Schedule of Findings, we identified a certain deficiency in internal control we consider to be a material weakness and other deficiencies we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the County's financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiency described in Part I of the accompanying Schedule of Findings as item I-A-14 to be a material weakness.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control which is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in Part I of the accompanying Schedule of Findings as items I-B-14 and I-C-14 to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Emmet County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of noncompliance or other matters that are described in Part II of the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the County's operations for the year ended June 30, 2014 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the County. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Emmet County's Responses to Findings

The County's responses to findings identified in our audit are described in the accompanying Schedule of Findings. The County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Emmet County during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

EMMET COUNTY
SCHEDULE OF FINDINGS
FOR THE YEAR ENDED JUNE 30, 2014

Part I: Findings Related to the Financial Statements

Internal Control Deficiencies:

- I-A-14 Segregation of Duties - One significant aspect of internal accounting control is the adequate segregation of duties among employees in order to minimize an individual employee or official from handling duties which are incompatible. The segregation of duties helps to prevent losses from unintentional employee errors or dishonesty and improves the reliability and accuracy of the County's financial statements. We noted that in each of the offices of County officials there were several accounting functions that were being performed by the same person.

Recommendation - We recognize that with a limited number of office employees segregation of duties is difficult. However, accounting controls may be improved by having certain procedures performed by only one person for a given period of time and then rotating the responsibilities for a control function sometime during the year. In some instances, the County official should consider delegating certain responsibilities to deputies and provide the main supervision and review function themselves. In all instances where it is not possible to segregate duties, it is important to increase the review of that work by supervisory personnel.

Response - We will continue to segregate duties the best we can with the limited number of personnel we have.

Conclusion - Response accepted.

- I-B-14 Sheriff's Office Accounts - During our audit, we noted the Sheriff's office maintains separate financial institution accounts for drug investigations, DARE, canine, and posse. These accounts are maintained and controlled by the Sheriff but have minimal activity. In addition, the activity in these accounts is not reported to or approved by the Board of Supervisors. We also noted several of the accounts had only one authorized check signer.

Recommendation - We recommend these four accounts be closed and remitted to the County Treasurer to maintain on behalf of the Sheriff's Office. However, if the accounts remain open, we recommend that a second person be added as authorized signer.

Response - We will discuss with the County Sheriff closing these accounts and remitting the funds to the County Treasurer. If not done, we will ask that activity in these accounts be reported to the Board of Supervisors for approval and that a second authorized signer be added for applicable accounts.

Conclusion - Response accepted.

EMMET COUNTY
SCHEDULE OF FINDINGS - Continued
FOR THE YEAR ENDED JUNE 30, 2014

Part I: Findings Related to the Financial Statements - Continued

Internal Control Deficiencies - Continued:

- I-C-14 Recorder's Office Fees - During our audit, we noted that fees collected by the Recorder's office for the 2nd, 3rd, and 4th quarters of the fiscal year were not remitted to the Treasurer's office until September 2014.

Recommendation - We recommend that the Recorder's office fees be remitted to the Treasurer's office on a quarterly basis and a procedure be established between the Treasurer's office and Recorder's office to ensure timely submission of fees.

Response - We will instruct the Recorder's office to remit the fees on a quarterly basis and establish a procedure to ensure that the Treasurer's office determines fees are received on a timely basis.

Conclusion - Response accepted.

Instances of Non-compliance:

No matters were noted.

EMMET COUNTY
SCHEDULE OF FINDINGS - Continued
FOR THE YEAR ENDED JUNE 30, 2014

Part II: Other Findings Related to Required Statutory Reporting

II-A-14 Certified Budget - Disbursements during the year ended June 30, 2014 did not exceed the amounts budgeted.

II-B-14 Questionable Expenditures - No expenditures that we believe may not meet the requirement of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.

II-C-14 Travel Expense - No expenditures of County money for travel expenses of spouses of County officials or employees were noted.

II-D-14 Business Transactions - Business transactions between the County and County officials or employees are detailed as follows:

<u>Name, Title, and Business Connection</u>	<u>Description</u>	<u>Amount</u>
Steve Erickson, husband of Auditor Michele Erickson, independent contractor	Election official	\$ 71
Jim Anderson, spouse of employee Colleen Anderson, independent contractor	Snow removal	\$ 990
Denise Leal, spouse of jailer Pablo Leal, independent contractor	Driver	\$ 73
Molly Martens, daughter of sheriff Mike Martens, independent contractor	Driver	\$ 225

In accordance with Chapter 331.342(10) of the Code of Iowa, the transactions do not appear to represent a conflict of interest since total transactions with each individual were less than \$1,500 during the fiscal year.

II-E-14 Bond Coverage - Surety bond coverage of County officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure that coverage is adequate for current operations.

II-F-14 Board Minutes - No transactions were found that we believe should have been approved in the Board minutes but were not.

II-G-14 Deposits and Investments - No instances of noncompliance with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa and the County's investment policy were noted.

EMMET COUNTY
SCHEDULE OF FINDINGS - Continued
FOR THE YEAR ENDED JUNE 30, 2014

Part II: Other Findings Related to Required Statutory Reporting - Continued

II-H-14 Resource Enhancement and Protection Certification - The County properly dedicated property tax revenue to conservation purposes as required by Chapter 455A.19(1)(b) of the Code of Iowa in order to receive the additional REAP funds allocated in accordance with subsections (b)(2) and (b)(3).

II-I-14 County Extension Office - The County Extension Office is operated under the authority of Chapter 176A of the Code of Iowa and serves as an agency of the State of Iowa. This fund is administered by an Extension Council separate and distinct from County operations and, consequently, is not included in the government-wide financial statements.

Disbursements during the year ended June 30, 2014 for the County Extension Office did not exceed the amount budgeted.

II-J-14 Tax Increment Financing (TIF) - For the year ended June 30, 2014, the County Auditor prepared a reconciliation for each City reconciling TIF receipts with total outstanding TIF debt.

II-K-14 Capital Lease Purchase Agreement - During the year ended June 30, 2014, the County entered into a capital lease purchase agreement for the purchase of an excavator for the Secondary Roads Department. However, a public hearing was not held prior to the authorization of this lease purchase agreement as required by Chapters 331.478 and 331.479 of the Code of Iowa.

Recommendation - The County should consult legal counsel in regard to this matter. In the future, the County should hold a public hearing prior to the authorization of a lease purchase agreement in accordance with Chapters 331.478 and 331.479 of the Code of Iowa.

Response - We will consult legal counsel and this will be complied with in the future.

Conclusion - Response accepted.
